

# Wanted: Infant Scientist!

You are invited to participate in an exciting new project for infants with neonatal stroke at  
*The Ohio State University!*

## Who can participate?

Infants who have had a stroke

## Who are we?

The Infant Laboratory

Jill Heathcock, MPT, Ph.D. (Lab Director)

Katie Ueberroth, Lab Coordinator

## What kind of fun are we going to have?

You and your parents will visit the lab for **10 Sessions** (approximately 2 hours including set-up).

- We will see how big you are getting by measuring your weight, length, leg length and circumference and look at your motor development.
- We will videotape and watch you play with toys in an infant chair.

You and your parents will do baby exercises at home 5 days a week for 10 minutes

Yep, it's that simple, but wait there's also  
reimbursement and a pint-sized OSU t-shirt!!!

For More Information, contact: Jill Heathcock (614-292-2397) or Katie Ueberroth (614-293-2246)
